A. Sejarah Badia Batuang

Badia sendiri dalam bahasa Minang berarti bedil, pistol, atau meriam, sedangkan batuang adalah sebutan untuk bambu yang berukuran besar. Sehingga kurang lebih arti badia batuang adalah meriam bambu.

Permainan ini dulunya mungkin dibuat untuk mengenang perjuangan para pahlawan Minangkabau melawan penjajahan. Meriam bambu ini juga digunakan masyarakat tempo dulu untuk menakuti para penjajah dengan suaranya yang mirip meriam asli.

Seperti permainan tradisional di Minangkabau Badia Batuang atau dalam bahasa Indonesiannya yaitu meriam bambu yang sering dimainkan oleh anak-anak dan orang dewasa pada bulan puasa sambil menunggu waktu berbuka puasa dan permainan ini juga dimainkan pada waktu malam hari yang dimainkan sesudah shalat tarawih atau dimainkan untuk membangunkan orang sahur. Tidak hanya dibulan ramadhan permainan Badia Batuang juga biasa dimainkan saat pawai merayakan ulang tahun kemerdekaan Indonesia dan untuk memeriahkan saat hari kemerdekaan republik Indonesia. Dan permainan Badia batuang juga ada di perlombakan, dari suara dentuman atau ledakan yang terkeras.

Permainan yang dulu sering terdengar dan sekarang Seiring kemajuan zaman dan masuknya gadget ke Indonesia permainan Badia batuang juga perlahan mulai menghilang dan dilupakan oleh anak-anak ngari dan mereka lebih sibuk dengan game game dan aplikasi yang ada pada gadget mereka masing-masing sehingga mereka tidak mengetahui dan mementingkan keadaan sekitar nya. Dan permainan Badia batuang sekarang sudah tergantikan dengan yang lebih praktis yaitu Badia kaleng yang terbuat dari kaleng-kaleng susu bekas dan satu pematik pada korek api dan cara membuatnya pun lebih mudah yang hanya menghubungkan kaleng kaleng

3. Gunakan linggis atau kayu runcing untuk membobol sekat-sekat ruas bambu dimulai dari bagian ujung , sisakan sekat ruas terakhir dipangkal meriam.
4. Buat lubang pemicu dipermukaan bambu dengan jarak sekitar 8 cm dari ruas pangkal meriam. Untuk membuat lubang ini, anda bias menggunakan bor atau secara tradisional menggunakan gergaji dan pahat

E. Peraturan Memainkan Badia Batuang

Untuk memainkan badia-badia batuang dapat dilakukan dengan cara:

1. Pilih tempat bermain dilokasi terbuka misalnya lapangan. Hindari bermain didalam rumah tau dalam ruangan lainnya. Hindari juga bermain dilokasi dekat dengan bahan yang mudah terbakar
2. Posisikan meriam bambu dalam keadaan miring antara 10 sampai 30 derajat dengan bagian pangkal meriam dipermukaan lebih rendah. Hal ini untuk memastikan bahwa minyak tanah selalu dalam keadaan terkumpul diujung pangkal bambu. Pastikan lubang pemicu berada dibagian atas. Arahkan moncong meriam kearah yang aman karena saat meledak moncong meriam akan mengeluarkan asap panas bertekanan tinggi dan kadang disertai api. Untuk mendapatkan posisi miring ini bias digunakan tumpukan batako atau penyangga kayu atau permukaan miring.
3. Isi meriam dengan minyak tanah melalui lubang picu dengan bantuan corong sampai kira-kira permukaan minyak 5 cm dari lubang picu.
4. Untuk membuat meriam dapat berdentum, minyak tanah dalam keadaan panas. Celup ujung bilah pemicu kedalam lubang picu dengan api. Lakukan pemanasan minyak dengan memasukkan bilah picu berapi kedalam lubang picu. Ulangi langkah ini secara berulang
